

Middlesex Community College
General Studies

Associate in Arts Degree
 Course Sequencing Guide for MAP Program:

Winter Starters

This program is intended for students who wish to design a personalized degree program for exploration or to meet educational and career goals, and for students who may have credits from several colleges who wish to “collect” their credits into an Associate Degree credential. **This program is not designed primarily for transfer purposes.** It does not provide adequate guidance for meeting bachelor’s degree requirements without careful assistance from an advisor.

Semester	Session	Course	Credit	Category
